INTRODUCTION

The Historical Geography Research Centre has the honor of inviting you to join the **Military and Postmilitary Landscapes** conference that is held under the Central European Conference of Historical Geographers series. The conference takes place in the heart of Europe, the historical city of **Prague, Czechia, on February 14 – 15, 2018**.

The conference focuses on the historical and geographical contexts of causes, course, consequences and interpretations of diverse conflicts. Especially, it aspires on rich discussion of the changes within places, regions and landscapes caused by the broadly understood processes of militarization and demilitarization, in different temporal, spatial and societal contexts.

CONFERENCE THEMES

- the conceptualization of the military and postmilitary landscape
- remnants of military and postmilitary activities in the environment
- traces of military landscapes in cartographic, iconographic and written sources
- the processes of militarization and demilitarization and the possible ways of reconstructing their print on the landscape
- disappeared (post)military landscapes of cities and rural areas, centers and peripheries
- interwar period: conflict / war as a historical-geographic point of reference
- conflict as an impulse for socio-spatial change: pre-war and post-war landscape
- changes in the functions of military landscapes and the potential for their future use
- environmental context and consequences of the existence of military landscapes
- memories and heritage of military landscapes
- (post)military landscapes of the victors and the vanquished – the symbolic significance of military landscapes
